Featured Speakers

STEVEN W. MORRISON

Steven Morrison is a member of the Association of Professional Genealogists and a past President of the Olympia Genealogical Society. He has been a professional genealogist since 2006 and has been a speaker at the Brigham Young University Family History & Genealogical Conference.

Steven attained a Master's Degree in Public Administration from The Evergreen State College, where he taught as an adjunct faculty in the graduate program (1987-1994). As an author, Steven's genealogical journey began in 1998 with the self-publishing of a remembrance of his grandmother. Since then, he's authored multiple articles and books reviews regarding Quakers (Religious Society of Friends). These include two articles for *Familia* (the journal of the Ulster Historical Foundation), and others for *Journal of Scotch-Irish Studies*, *Directory of Irish Family History Research*, and the *Association of Professional Genealogists Quarterly*. His most recent paper, "Quaker John

Starr of Antrim and Cavan, Ireland and his five sons who sailed to Pennsylvania," received The American Society of Genealogist (ASG) scholar award for 2016.

He has addressed international audiences in Northern Ireland twice. The first in 2012 at the Ulster American Historical Symposium, and then in 2015 at the Irish Friends (Quakers) Yearly Meeting. Steven has crossed the pond no less than six times, to undertake primary research in Ireland and the United Kingdom. While these trips resulted in some break-through discoveries, they afforded an opportunity to visit the major repositories, numerous private libraries, and to meet an amazing collection of truly warm and helpful people.
